VersaVu 360 Folio Keyboard for iPad Air 2, Black

THZ540US

Overview

A perfect blend of form and function, the Targus VersaVu Folio iPad Air 2 Keyboard Case transforms how you interact with your iPad Air 2. Equipped with a removable keyboard, this smart iPad Air 2 case takes functionality and versatility to the next level. From the magnetic sliding keyboard to our patented 360-degree rotational screen, this case gives you optimum viewing of every angle vertically and horizontally—all without having to take your iPad Air 2 out of its case.

This keyboard case features a durable, custom-fitted tray and a soft-lined interior that protects your device from scratches and dust. Plus, the folio wrap design secures your device with or without the keyboard inside the case. And for those who are on-the-go, the folio case design is equipped with a magnetic closure for device protection. The keyboard features Bluetooth connectivity, and a 100-hour rechargeable lithium battery. Best yet, all iPad ports are easily accessible and a shadow-free camera opening removes the hassle of having to remove your device from its case.

Easy Folio Wrap Design

Protect your iPad—and give yourself more peace of mind—with a iPad Air 2 folio wrap case design that opens and closes like a book, allowing for one-handed use.

Flexible 360-Degree Screen Rotation

This iPad Air 2 keyboard case features a patent-protected 360-degree design for flexible viewing positions and full control of the power port location, no matter where you're working. It offers four landscape viewing positions (perfect for on the desk or on your lap), plus two portrait viewing positions (to appreciate vertical web pages)—and even a viewing angle that's perfect when resting on your belly. So you've always got the adjustable viewing capabilities and the built-in versatility you need to adapt to any environment.

Customizable Viewing Angles

No matter where you're enjoying your iPad Air 2, you'll find optimal comfort and convenience along the way. When set on the integrated stand, this iPad Air 2 keyboard cover rotates between portrait and landscape views, opening a wide range of viewing and typing angles with the Bluetooth keyboard.
